That's fine. We can work on partial releases for this FOIA. I would, however, work with Derek. This FOIA, while not directly a GKM FOIA, does contain relevant materials. As such, I would suggest that coordination with him on steps would be appropriate.

Have the documents in SDMS that pertain to this request already been reviewed for responsiveness and releasability?

I am off site, but on a short break. I will engage more on Tuesday.

Richard,

That is an Alan decision. He is off-site today and may not respond until tomorrow.

Louise, Noah, and Alan – FYI – Before the August 5<sup>th</sup> event, we were looking at doing a partial release of records already entered into SDMS while OEI gathered the emails. What do you think of us trying to do the partial release as a first step for this FOIA and then work on the emails that I believe David Hoff is holding and ready to make available for review in relativity?

Richard,

Would you please update me on the status of EPA's response to Sunnyside Gold Corporation's longstanding FOIA request?

Thank you,
